MASTER THE MARKETS WITH POWERFUL TRADING TOOLS

EXCHANGE

Trade with confidence: Access our deep liquidity and execute with minimal slippage. Buy and sell Bitcoin, Ether, Solana, USDt and hundreds of other digital assets, using a range of order types to stay in control in fast moving markets.

MARGIN TRADING

Trade with up to 10x leverage using funding from our peer-to-peer margin market. Borrow at your preferred rate and duration, or use automated tools to secure available funding while you focus on your positions, with the balance, control, and precision of a world-class gymnast.

MARGIN FUNDING

Provide liquidity to margin traders and earn interest on fiat and digital assets. Set your own rate and duration and orchestrate how your capital is deployed.

DERIVATIVES

Speculate on future price movements with Bitfinex Derivatives. Trade perpetual contracts with precision, using advanced risk management tools to execute your strategies with confidence, staying composed in the heat of fast-moving markets.

*Available through an integration with Thalex Digital Trading Platform Ltd.

OUR VALUES

TRUST

The Original Bitcoin Exchange, established in 2012, with one of the longest standing and most resilient platforms in the market.

LIQUIDITY

Deep order books across major crypto assets including Bitcoin, Ethereum, Solana and many others.

TECHNOLOGY

With a high-performance matching engine, deep liquidity, and advanced order types, Bitfinex gives you the infrastructure to master your crypto trading through every major market cycle.

ADVANCED TRADING TOOLS

Scaled and hidden orders, a full suite of charting features and support for margin trading, margin funding and derivatives for professional execution.

The Original Bitcoin Exchange.

Bitfinex is one of the oldest crypto exchanges and the first exchange in the world to eliminate all trading fees. We provide a high performance trading environment with deep liquidity, strong security and low latency execution. With 180+ spot pairs, over 80 perpetual contracts and a focus on innovation, Bitfinex supports traders in all market conditions.
